ROLLING MILL

The Executive Director reported progress in the acquisition of property in the Rolling Mill area. In the area just north of the rear alley line of Taylor Street only 13 parcels remain without agreements to purchase. Of these 13 parcels, 4 are in condemnation.

The Redevelopment Commission authorized the eviction of the Club Manhattan as soon as possible. Mr. Grant advised that all possible legal persuasion for a voluntary move has been exhausted.

Mr. Grant informed Commission members present that Lucretia Derloshon, Et Al, Defendants of the recent condemnation suit filed for Rolling Mill have filed Objections. Their main objection states that the Redevelopment Commission is appropriating land specifically for private industry. Barrett, Barrett & McNagny, acting for the City of Fort Wayne, Department of Redevelopment has filed a Demurrer to the Objections.

Approximately 9 properties that we own are now vacant in Rolling Mill and could be razed. The demolition contractor will come to Fort Wayne the first part of March at which time these structures will be released to him.

MAIN STREET

Mr. Schacht explained progress made in acquisition of the Main Street Urban Renewal Project. It was brought out that condemnation has not yet been filed for Parcels 4-9, 4-10, and 4-17 in the area for the construction of the City-County Building. Mr. Otto Grant said that he has been delaying the filing to make sure proper negotiations have taken place to meet the state law requirements on eminent domain. The condemnation petition, however, will be filed in court on these properties very shortly.

When the demolition contractor arrives in town the beginning of March, he will raze the structures in the Southwest quarter of Block 4, including the Play Bar and the former Dutch Lunch.

It was brought out that we have the goal of June 1, 1967, for the conveyance of Block 4 to the City for the construction of the City-County Building.

The Fine Arts Foundation desires land on the south side of Block 1 and the north portion of Block 6 including the portion of Columbia Street by September, 1967, for the construction of their first building.

The Executive Director confirmed our eligibility for a credit of up to \$3,500,000 or one-fourth the cost of the Fine Arts Center whichever is less. The Credit could be used for future projects. The Center, however, must be publically owned.

HANNA-CREIGHTON

The attached resolution authorizing the investment of funds deposited in the Project Temporary Loan Repayment Fund, Project Ind. R-51 was introduced. Upon a motion duly made and seconded the attached resolution was approved.

The Executive Director announced that thus far agreements have been signed on 386 parcels out of a total of 490 in the area.

Demolition documents for the razing of the balance of the structures in the Hanna-Creighton area are being prepared and will be completed very shortly.

A quorum was not present preventing the authorization of any action, however, the status of the current redevelopment projects was discussed.

ROLLING MILL

The Project Agreement for the sale of land in Project II had been completed by our attorneys and is being reviewed by Mr. Ward Dildine, attorney for Joslyn Manufacturing & Supply Co. It was reported that at this time approximately 50 lots could be conveyed to Joslyn.

On Monday, February 27, the Sheriff began evicting the Club Manhattan from Parcel 11-15. The eviction should be completed very shortly and then structures on the property can be released to the demolition contractor for razing.

The objections filed in connection with the condemnation of Parcels 8-12, 10-11, 10-12 and 10-13, Derloshon, et al, were heard by the Judge in his office at a hearing held on Friday, February 24,. He has taken the Objections together with our Demurrer under advisement.

It was reported that negotiations with Meyer Ruchman, owner of Parcel 4-1, is not progressing satisfactorily. Thus far there is a wide difference between our offer and his demand.

MAIN STREET

The demolition contractor has promised to come to Fort Wayne to begin another phase of demolition on March 6th.

The Play Bar, occupants of Parcel 4-21, had promised to move by March 1; however, an inspection today revealed that they were still in operation. Action will be taken to evict this business so that buildings in the Southeast corner of Block 4 can be razed.

A petition for condemnation of Parcels 4-9, 4-10 and 4-17 is to be filed in court on Thursday, March 2, 1967.

HANNA-CREIGHTON

It was reported that the advertisement for demolition of remaining properties in Hanna-Creighton will be delayed until a meeting is held with area residents in or near the project. The purpose of the meeting will be to determine the objections to burning of organic debris on site. If debris can be burned on site, a considerable savings can be realized in the demolition costs.

It was stated that at least 5 families in our property management workload are greatly in arrears. Commission members present expressed their approval to eviction proceedings to remedy the situation.

OTHER BUSINESS

Loss of Property claims on business equipment have been submitted by the Dutch Lunch in Main Street in the amount of approximately \$9,000 and by the Bueter-Sauter Grocery in Hanna-Creighton in the amount of approximately \$6,000. In both cases the maximum Federal allowance is \$3,000. The Commission members present thought that the amount the Federal Government wouldn't authorize should be paid from the Redevelopment Capital Fund.

MAIN STREET

The Executive Director explained progress made in acquisition and demolition in the Main Street Urban Renewal Project. Petitions for the condemnation of Parcels 4-9, 4-10 and 4-17 in the area proposed for the construction of the City-County Building (Block 4) have been filed court. These are the last remaining parcels pending possession or acquisition in Block 4. The Richard E. Harder Wrecking Co., the demolition contractor, is in the area razing the old Indiana Warehouse Building, (Parcel 4-19). All structures located on the Southeast corner of Block 4 will be razed very shortly. After completion of the razing of these buildings, he will proceed to Block 6 and to raze structures located on Parcels 6-3 & 6-5. In the not too distant future we expect to release additional structures in Block 1 to the contractor.

ROLLING MILL

Progress in the acquisition of properties in the Rolling Mill area was explained. Each property not having an agreement North of the rear alley line of Taylor Street was discussed in detail as to the possibilities of obtaining options from the respective owners or whether condemnation was necessary.

It was announced that Joslyn Stainless Company urgently desires land South of Culbertson Street for the expansion of their facilities. Affected parcels are 13-2 through 13-6. Agreements must yet be reached with the owners of Parcels 13-2 and 13-4.

During the next Commission meeting it was agreed that price approvals will be given for the remaining properties in the Rolling Mill area. In addition, time would be set aside for a discussion of our financial ability to acquire the remaining properties this year.

HANNA-CREIGHTON

The Executive Director introduced a proposed contract for a special housing study to be done by Hammer, Greene, Siler & Associates of Washington, D.C. This study would estimate the number and characteristics of households meeting income qualifications for FHA Section 221 (d) (3) Multifamily Housing including the size of households and their present owner-renter status. It would estimate the number of qualified households that would be in the market for 221 (d) (3) units located in the Hanna-Creighton project and it would recommend types, and sizes of units that should be developed. Such a study is necessary to convince FHA that they should insure mortgages in the area. After discussion a motion was made and seconded authorizing the President to execute the proposed contract with Hammer, Greene, Siler & Associates, Inc. The motion was unanimously approved by all members present.

It was brought out that relocation of families in the Hanna-Creighton is slowing down to a standstill. Approximately 125 families representing the hard core, "problem families" remain in the area. For these families public housing

is the only answer.

ROLLING MILL

Rev. Cornelius Baker of the Westfield Temple Church of God in Christ was present and made a plea for a Business Displacement Payment in the amount of \$2, 500. He stated that he had lost many members of his congregation since his church was relocated and that the church building he now occupies needs to be improved to attract new members. Rev. Baker was informed that we are making relocation payments in the Rolling Mill area in accordance with policies and procedures laid down by the Federal Government for our Hanna-Creighton and Main Street projects. Our understanding is that a church does not qualify for a displacement payment; however, we would make an inquiry to the Federal Government and inform Rev. Baker of the reply.

It was announced that Judge Hartzler of Superior Court No. 3 sustained our Demurrer to Objections filed by Lucretia Derloshon, Et Al, in connection with our petition for condemnation of Parcels 8-12, 10-11, 10-12 and 10-13. The defendants have 10 days to file an appeal to the State Supreme Court. The court will select appraisers on Thursday, March 30, 1967.

The Director was ordered to obtain a fourth appraisal of Parcel 13-8.

The following offering prices were approved:

<u>PARCEL NO.</u>	<u>AMOUNT</u>
13-1	\$4, 500
13-9	8, 700
13-10	10, 400
14-1	21, 900
14-2	70, 000

MAIN STREET

Objections have been filed by the defendants in connection with the petition for condemnation of Parcels 4-9, 4-10 and 4-17. Our attorney, Otto Grant, has filed a Demurrer to the Objections which will be heard in Superior Court No. 3 on Thursday, March 30, 1967, at 1:30 P.M.

HANNA-CREIGHTON

The proposed residential redeveloper in Hanna-Creighton will soon complete legal requirements for incorporation as a non-profit organization. They will then proceed to plan their proposed development.

OTHER BUSINESS

The East-Central Neighborhood and its problems were discussed. The East-Central Neighborhood Association has been complaining about the lack of housing code enforcement in the area. The City Administration fears possible demonstration unless something is started in this area which lies just East of downtown. The City Planning Director and Mr. Schacht plan to meet with the Neighborhood Association soon to discuss ideas on what can be done to improve the area.

HANNA-CREIGHTON

The Executive Director was pleased to report that there would be a bid opening for the demolition and site clearance of the entire project area on May 26, at 10:30 A.M. EST. To date 16 companies have picked up Contract Documents.

A map reporting on acquisition progress was viewed. Out of 490 parcels we now own or have option on 408.

A list prepared by Mr. Elkins, Relocation Officer, reporting on the income and size of families and individuals in the project was handed out to Commission members. Most of the families and individuals on the list presented some type of relocation problem.

The Executive Director stated that he would like to discuss the possibilities of a third reuse appraisal with the Albertson/Nichols Co., Inc. of 514 Chamber of Commerce Building, Indianapolis, Indiana. The firm is recommended by other Redevelopment agencies in Indiana. Commission members approved the discussion; however, thought that the amount of the reuse appraisal should not be over \$4,800.00.

The Inter-Church Housing Corp. has sent Articles of Incorporation to the State of Indiana for approval. Very shortly they should meet to select an architect to lay out a site plan. Commission members inquired as to whether or not the proposed developer realizes that the Commission must sell land under open, competitive conditions. Mr. Schacht stated that the proposed developer is cognizant of this.

ROLLING MILL

The status of this project was discussed in considerable detail. Mr. Schacht explained progress in the acquisition of property and Mr. Otto Grant explained the status of the present condemnation cases.

The question was raised as to whether we should take possession of the Derloshon/Tescola properties presently under condemnation. These properties are the ones for which Objections have been filed by the Condemnees. Our attorneys filed a Demurrer taking the position that Objections are for only the ten day period after the Public Hearing is held. If Objections are filed with every condemnation case, the project could be in jeopardy with every condemnation and after considerable money is spent by the Condemnor. The Judge of Superior Court No. 3 sustained our Demurrer. The Condemnees are taking their Objections to the State Supreme Court.

Mr. Grant stated that under these conditions Judge Hartzler may not permit us to have possession of the Derloshon/Tesula properties.

A resolution authorizing the condemnation of properties unlikely to be settled out of court would be presented at the next Commission meeting.

It was stated that on May 31, 1967, the jury trial to determine the award to the Workman family (Parcel 11-9) would take place.

A revised offering price was approved for Parcel 5-1 from \$6, 550. 00 to \$6, 875. 00.

MAIN STREET

The status of the project was discussed in detail. To date we have only one more parcel to acquire in the area for the first building of the Fine Arts Foundation. We expect to have an option on the only remaining parcel very shortly.

Mr. Schacht brought out the fact that Riegel's Tabacco and Pipe Shop is going to relocate across the street without their lunch counter. Because of this they will undoubtedly suffer considerable loss of property with respect to the restuarant equipment. Because of the Federal limitation of \$3, 000 for loss of property together with moving costs and because it is estimated that Riegel's, Inc. will lose between \$4, 000 to \$7, 000 in loss of property, the Commission thought it appropriate to pay for the loss not otherwise compensated for out of local funds.

OTHER MATTERS

Mr. William Rastetter was appointed to represent the Commission on the Economic Opportunity Council.

Mr. Schacht stated that we are studying the possibilities of preparing an application to HUD to begin planning Project II in the Hanna-Creighton area. It may involve a larger area than originally contemplated and assistance of a planning consultant may be necessary.

The next meeting is scheduled for May 24, 1967, at which time a proposed 1968 budget for the Redevelopment District General and Capital Funds will be presented.

ROLLING MILL

A considerable discussion of progress in negotiating with remaining property owners in the area took place. Only a few property owners have actually refused our offering price; therefore it was decided that condemnation should not be authorized until the next meeting. In the meantime, staff members and the attorneys would obtain the necessary title information which is prerequisite for petitioning for condemnation.

Commission members felt that the Hillman Equipment, Inc. should be contacted to appraise the tavern equipment in Parcels 13-8 and 13-10.

An announcement was made that the date for the trial on the issue of value for the Workman property (Parcel 11-9) was extended by Judge Hartzler at the request of the defendant's attorney from May 31 to August 29, 1967.

OTHER BUSINESS

The proposed 1968 budget for the Redevelopment District General Fund and Capital Fund was presented for Commission approval. After discussion, the Commission approved the amounts given below with a directive to Mr. Schacht to request the full 10 cents per hundred dollars tax levy.

ROLLING MILL

The status of condemnation and acquisition was discussed. Our attorneys will file on June 29 a petition in Superior Court No. 3 for the condemnation of the properties approved for condemnation at the last Commission meeting with the exception of Parcels 4-1 and 4-2.

It was announced that the Supreme Court of Indiana recently made a decision in a case similar to the one pending. (Derloshon-Tescula). In the case of Suttmiller vs. City of Batesville the Supreme Court of Indiana ruled that the landowners are entitled to contest the legality of the project within 10 days after the Public Hearing. If no remonstrance or appeal is made within the 10 days, the Supreme Court ruled that it's too late to contest the legality of the project.

The Executive Director introduced a resolution authorizing condemnation of Parcels 12-11, 13-7 and 13-10. Upon a motion duly made and seconded the attached resolution was unanimously approved.

It was stated that at least 9 structures in the Rolling Mill area are now vacant and can be razed. It is expected that these will be razed during the month of July.

An agreement dated June 28, 1967, between S. M. Dix & Associates, Inc., Manufacturing & Marketing Consultants and the City of Fort Wayne, Department of Redevelopment for appraisal of Irremovable equipment in structures located on Parcels 14-1 and 14-2 was introduced for approval. Upon a motion duly made and seconded the President of the Fort Wayne Redevelopment Commission was authorized to execute the agreement.

MAIN STREET

It was announced that Richard E. Harder Contracting Co., the demolition contractor, will be in town after the 4th of July to raze the old Rescue Mission Bldg., the old Paramount Paper Tube Bldg. and the property located along the southwest corner of Block 4 including the Riegels Bldg. On September 1, we will have possession of the Kramer and Fortreide properties at which time they, too, can be razed.

Our ability to convey land to the Fine Arts Foundation by September 1, for the construction of the Civic Theater was discussed. It was brought out that it would be several months before the preliminary plans for the Civic Theater would be completed. After that, the detailed drawings and specifications would still have to be prepared. The Executive Director will meet with Mr. G. Irving Latz, President, of the Fine Arts Foundation, to determine an approximate date the land will be needed for the construction of the Civic Theater.

HANNA-CREIGHTON

The demolition contractor, Boyas and Baumann Excavating Co., Inc. of Cleveland, Ohio, has been demolishing property for approximately a week and a half. At his present rate he demolishes approximately 8 structures per day.

Mr. Schacht informed the Commission that they could apply to FHA for the mortgage commitment for Section 221 (d) (3) housing and then to assign this mortgage commitment to the successful bidder when the time comes. Such an arrangement could shorten the time of construction by two or three months. The Executive Director was authorized to apply for the commitment.

Commission members requested that the staff do research on past ownership pointing out the amount of home ownership, amount of land contracts, amount of rental property and any other information relating to social problems.

The Executive Director passed out information on rehabilitation and conservation renewal treatment for the Commission members to read.

MAIN STREET

Progress of acquisition and demolition was the subject of discussion. It was revealed that Schlatter Hardware has indicated that they are willing to sell to us. Richard E. Harder Contracting Co. of St. Louis, Missouri, is in town razing structures occupying Parcels 6-1, 6-19, 1-8 and 7-2. After these are completed, we may have structures occupying Parcels 4-12 through 4-17 ready to be released for demolition.

HANNA-CREIGHTON

Commission members were shown a map that reported on the parcels remaining to be acquired. It was revealed that there were approximately 25 parcels yet to be acquired in the area west of Smith Street where the first residential development will take place. Commission members asked that at the next meeting a report of progress in negotiating with the 25 landowners be given. It was the consensus of opinion that we should begin thinking about condemning these properties in order to have the land available as soon as possible.

It was revealed that there are approximately 75 families yet to be relocated. This indicates that we are still able to rehouse families as only 3 months ago, we had 100 families in our workload.

The proposed redeveloper, the Inter-Chruch Housing Corporation, has submitted their first application to the FHA Insuring Office at Indianapolis.

A letter from the McMillen Foundation was read by the President which alleged a lack of cooperation on the part of the Redevelopment Commission. The President will meet with Mr. Dale McMillen, Jr. to discuss their specific complaint. It was brought out that it may be necessary to have the Growth Industries properties reappraised. It is suspected that the appraisers did not take into account its location along a busy thoroughfare, Creighton Avenue.

The newly established playground located on Horace Street was discussed. Commission members felt that the hours for the playground should be extended to include Saturday and Sunday. The staff was directed to extend the playground hours if at all feasible.

ROLLING MILL

The status of acquisition and condemnation was the subject of discussion.

Petitions for condemnation have been filed in Superior Court No. 3 on Parcels 10-10, 8-2, 13-4, 13-8 and 13-9. Condemnation of Parcels 13-8 and 13-9 will be halted, however, since the owners have now agreed to sell to us. In the case of Parcels 4-1, 4-2 and 1-1 filing for condemnation has been delayed for lack of information on title.

OTHER BUSINESS

We are not allowed to pay for the relocation of underground utilities of private utility companies unless specifically authorized under State law. This is our situation in federally-assisted projects such as our Hanna-Creighton Urban Renewal Project. The attached letter prepared by Otto Grant, Jr., Attorney, to Mr. J. Calvin Hill, Manager of the Fort Wayne Division of Indiana & Michigan Electric Company, was presented to the Commission. A motion was duly made and seconded to authorize the President of the Redevelopment Commission to sign the attached letter which would allow Indiana & Michigan Electric Company to make a claim for the removal or relocation of the facilities and losses with respect thereto, if at a later date, State law would permit it. The motion was unanimously approved by all members present.

Commission members stated that a subject for discussion in the near future should be what areas we should next plan to attack under the urban renewal process.

Dear Mr. Hill:

This is in reply to your letter of July 6, 1967.

In its endeavor to carry out certain urban renewal projects within the City of Fort Wayne, the Fort Wayne Redevelopment Commission, on behalf of the City of Fort Wayne, Department of Redevelopment, has requested or will request that you remove and relocate certain of your facilities from the project areas.

Because we desire you to proceed with the removal and relocation of such facilities as soon as reasonably convenient after such request has been made, the undersigned hereby agrees that if Indiana & Michigan Electric Company will either remove or relocate any part or all of its existing utility facilities, including but not limited to any of its poles, wires, cables, conduits, equipment, appurtenances or other property from said urban renewal projects upon such request, such removal or relocation, whether partially or wholly, of any such utility facilities of Indiana & Michigan Electric Company shall not prejudice, bar, estop or waive any right of Indiana & Michigan Electric Company to make claim for payment of the costs of any such removal or relocation or any losses pertaining thereto, nor shall any such removal or relocation, either partially or wholly, be construed to be an admission or acquiescence by Indiana & Michigan Electric Company that it is not entitled to recover from the undersigned or any other person, corporation or agency liable therefor all of such relocation or removal expenses and losses resulting therefrom.

You understand, of course, that it is the position of the Commission that it is not liable for any such removal or relocation costs, losses or expenses, and nothing contained

ROLLING MILL

The owners of Parcels 8-2 (Sentinella Romany Society), 10-10 (Green-Evans), and 10-4 (Hayden), have filed Objections to our petition for condemnation of these parcels. Shortly after the Objections were filed, however, the attorney for the Sentinella Romany Society, Alex Campbell, informed our attorney that they are withdrawing the Objections and will accept our offering price.

Petitions for condemnations of Parcels 1-1, 4-1, 4-2, 12-11, 13-7 and 13-10 are yet to be filed in court by the attorneys.

HANNA-CREIGHTON

It was announced that the playground is now open on weekday evenings from 6 P.M. to 8 P.M.

A discussion took place on the acquisition of property no yet acquired West of Smith Street. At the next meeting Commission members requested an estimate of how long it would take to acquire each of the 23 parcels remaining and whether or not condemnation would be necessary in each case.

An editorial by WANE-TV was discussed. The editorial stated that in Cincinnati, because of the lack of low-income housing, families were forced to double up. Commission members were assured that there has been no doubling up of families as a result of displacement in the Hanna-Creighton area or the Rolling Mill area.

Commission members requested that the weeds in the Hanna-Creighton area be cut down immediately.

MAIN STREET

The demolition of buildings located on the Southwest corner of Block 4 including Riegels should begin the week of August 7th.

HANNA-CREIGHTON

The progress in acquiring property west of Smith Street was discussed. This is the area for the first development of residential units by the proposed redeveloper, the Inter-Church Housing Corporation. Mr. Schacht stated that out of 22 properties in the area without signed agreements only 3 appear to be prospective condemnation cases. The remaining 19 property owners have indicated agreement with our offer, however, refuse to sign an option until relocation housing is found for them. Relocation, therefore is the chief phase slowing progress in the project. Mr. Schacht brought out that filing condemnation now was of no particular benefit to the Commission since no building can take place over the condemned property until the matter of price was fully settled. Final settlement could extend for an indefinite period of time. Mr. Schacht further stated that it appeared that the redeveloper could build around property not yet acquired.

Commission members felt that the initial plans of the Inter-Church Housing Corporation should be investigated now to make sure that they will meet the need for durable construction and rental ranges within the reach of low and moderate income families. It was agreed that a representative of the corporation would be asked to attend the next Commission meeting to describe their proposed development.

Commission members stated that all the pressure we can muster should be put on FHA to assure rapid review of applications submitted by the Inter-Church Housing Corporation.

All three reuse appraisal reports have been completed. A breakdown showing each appraiser's opinion of value was handed out to Commission members.

The analysis of the market for FHA Section 221 (d) (3) housing has been completed by Hammer, Greene, Siler Associates, Economic Consultants of Washington D. C. Their report titled "Market Potentials for Moderate Income Housing" was distributed to Commission members present.

It was stated that the first draft of the initial application to HUD for the planning rehabilitation activities south of the present Hanna-Creighton project was received from the planning consultant. This application is being studied by the staff.

MAIN STREET

Commission members were brought up-to-date on the progress in acquisition and demolition.

A change order dated August 9, 1967, to the Contract for Demolition and Site Clearance was presented for approval. The change order directs the Demolition Contractor to fill the basements under sidewalks fronting Parcels 4-10, 4-12, 4-13, 4-14 and 4-15 with sand jetted with water and patch the resulting holes in the sidewalks. The change order is based on a firm proposal from Richard E. Harder Contracting Company in an amount of \$1,148.42. Upon a motion duly made and seconded the change order was unanimously approved.

ROLLING MILL

Mr. Otto Grant, Jr., announced that petitions for condemnation of Parcels 12-11, 13-7 and 13-10 will be filed in Superior Court 3 this week. Mr. Grant explained that the ownership of land underneath the railroad located in Parcels 1-1, 4-1 and 4-2 has not yet been resolved. The Commission urged Mr. Grant to file a quiet title suit along with the condemnation petition.

Mr. Schacht announced that the staff is preparing bid documents for the demolition of remaining structures. These are principally located along Taylor Street.

ROLLING MILL

Mr. Schacht stated that Petitions for Condemnation proceedings have been filed on Parcels 12-11, 13-7 and 13-10. Petitions for Condemnation of Parcels 1-1, 4-1, and 4-2 have yet to be filed.

The jury trial on Parcel 11-9 (Workman) has been postponed from August 29 to September 12.

The Dickey family, Contract Purchasers of Parcel 9-8 in Project I, have indicated a desire to sell voluntarily to the Commission. The attorney for the Dickey's and our attorney are presently discussing this matter.

HANNA-CREIGHTON

The Executive Director gave a summary of the status of the properties remaining to be acquired West of Smith Street. Three additional agreements have recently been obtained in the area. Prospects for other acquisition are encouraging.

A representative of the proposed residential redeveloper, the Inter-Church Housing Corporation, will be present at the next meeting to discuss proposed development plans. At that time the proposed site plan may be completed for review.

A proposed agreement with Robert P. Werner, professional engineer, was presented for approval. The agreement provides for surveys and plats of all disposition of land on a cost plus basis, expressly understood not to exceed an amount of \$4,600. After a motion duly made and seconded, all Commissioners present unanimously authorized the President to execute the agreement on behalf of the Commission.

It was announced that Richard E. Harder Contracting Company, the present demolition Contractor for our Main Street Urban Renewal area, will also be demolishing in the Hanna-Creighton area from henceforth. Harder has obtained a subcontract from the firm of Boyas and Baumann to complete the balance of the remaining demolition and site clearance in the project.

MAIN STREET

It was announced that we have recently acquired Schlatter's Hardware. This firm has promised to move before February 1, 1968, and at that time this building can be razed.

HANNA-CREIGHTON

Representatives of the Inter-Church Housing Corporation, the potential residential redeveloper, brought the Commission up-to-date on their proposed plans. It was explained that the actual site plan had not been completed, however, the units would be similar to the Three Fountains Apartments being constructed by Gene B. Glick at 4001 Hessen Cassel Rd. Typical floor plans were shown to the Commissioners. The gross rental ranges, outlined in the report titled "Market Potentials for Moderate Income Housing" by Hammer, Greene, Siler Associates, will be from \$85 per month for a one bedroom unit to \$143 for a five bedroom unit. These rates are subject to change as labor costs rise.

The Housing Corporation has a preapplication request for the reservation of funds pending approval by FHA. After approval, the Commission will offer the land for sale for use of moderate income housing. Our attorney is presently preparing disposal documents and a surveyor is drawing up boundary descriptions.

Mr. Schacht explained that only 18 properties West of Smith Street (the first area of proposed construction) remained to be acquired or optioned. Approximately 30 families and 6 businesses are in the area, however, they present relocation problems.

MAIN STREET

It was announced that all property located in the first phase of the Fine Arts developments i.e., the future site for the new Civic Theater, has been acquired. The former Brateman and Fortreide properties, Parcels 4-8 and 4-9, will be razed within the next two weeks.

Mr. Schacht stated that he desires to sell land to the City in the site of the proposed City-County Building as soon as possible as the money to be derived from the sale is necessary for our use in continuing to acquire property. Attorneys representing the Commission, the City and the County will meet soon to discuss steps necessary to consummate the sale.

On September 25, the Plan Commission will hold a public hearing on the vacations of alleys in the block proposed for the City-County Building.

ROLLING MILL

Commission members were shown a letter sent to Mr. and Mrs. Meyer Ruchman offering to pay \$59,180.00 for the purchase of Parcels 1-1 and 4-1 and \$5,089.00 for two items of irremovable equipment. The tenant, Indiana Rolling Mill Baling Corp., occupying these two properties was offered a total of \$54,506.00 which is to cover irremovable fixtures and the move.

It was announced that the City is closing Berghoff Street between Graeter Street and Beadell Street on the request of Joslyn Stainless Steel Co. Joslyn plans to install a huge scale pit in this location necessitating the closing.

In order to have on hand sufficient funds to continue acquisition in our Rolling Mill project the staff has requested that \$158,000 be transferred from the Redevelopment District Capital Fund Cash Account to Account No. 44-7-73, Land, in our Redevelopment District Capital Fund. The City Council will act on the matter on September 12.

HANNA-CREIGHTON

Mr. Schacht stated that Phelps Dodge requested permission to lease land on the southeast corner of Greene and Bowser for parking purposes. It was stated that the Building Commissioner may not be able to allow this use because of the R2 Zoning in the area. Members of the Commission, however, thought it appropriate to rent space for parking if the City would allow it.

ROLLING MILL

On October 10 the Jury trials will begin in the case of the Rogers family, Parcel 9-4, and the Bliahu family, Parcel 7-6. Mr. Schacht stated that he thought it might be possible to settle with the Rogers family out of court and this was recommended by our attorneys. The Commission members authorized offering the Rogers family our original offering price in order to avoid going to trial.

MAIN STREET

The attached resolution authorizing the Executive Secretary to apply for a Capital Grant Progress Payment in the amount of \$300, 000 was introduced. After discussion, a motion was duly made and seconded and the resolution was unanimously approved.

OTHER BUSINESS

The recent audit report completed by the Office of Audit, Chicago Region of HUD, was discussed.

One of the major findings was on accounting deficiencies. It was stated that these deficiencies have been corrected; however, it was recommended that we hire a private accounting firm to audit the books every so often.

Because of the resignation of Mr. Wayne A. Schacht as Executive Director, Mr. Duane L. Gilliland was authorized to be Acting Executive Director until a permanent Executive Director is appointed.

Mr. Schacht stated that Phelps Dodge requested permission to lease land on the southeast corner of Greene and Bowser for parking purposes. It was stated that the Building Commissioner may not be able to allow this use because of the R2 Zoning in the area. Members of the Commission, however, thought it appropriate to rent space for parking if the City would allow it.

The Commission members authorized offering the Rogers family our original offering price in order to avoid going to trial.

ROLLING MILL

On October 13, 1967, bids were opened for the remaining property to be demolished in the Rolling Mill area. The low bidder was L. I. Griffin & Sons, Inc., Fort Wayne, Indiana, at \$19,833.90. By a motion duly made and seconded the Commission members present unanimously approved awarding the Contract to L. I. Griffin & Sons, Inc. and authorized the President to execute the Demolition Contract on behalf of the Redevelopment Commission.

The Redevelopment Commission was informed that our attorneys will file condemnation of Parcel 4-1, Indiana Naval Stores, on Friday of this week.

Mr. Gilliland stated that we have approximately \$428,000 yet to spend in our Rolling Mill project before completion. At this time we have about \$40,000 in our Land Account and we have requested a transfer of \$158,000 from our Cash Account to the Land Account. This will give us approximately \$200,000 to spend for land this year. We could spend approximately \$70,000 additional if almost immediately we could convey the present Commission owned land to Joslyn in accordance with our Project Agreement. In any case we will have to wait until 1968 to complete the project.

The Commission asked the Acting Executive Director to prepare a detailed list of the remaining property we could convey to Joslyn at this time.

It was brought out that the Indiana Rolling Mill Baling Corp. is to give us possession on or before November 1, 1967. Their move appears to be going slowly and additional pressure will have to be put on the corporation.

MAIN STREET

A request by the County Commissioners to rent the Schlatter's Hardware building was turned down. It was felt that the building should be razed to provide needed parking downtown.

HANNA-CREIGHTON

It was announced that there are approximately 20 vacant properties in the Hanna-Creighton area that we own that should be razed immediately. At this time the Demolition Contractor is out of town. Pressure is being put on the Contractor to come back and raze these hazardous structures as soon as possible.

Acquisition is still progressing in the Hanna-Creighton area. Approximately 436 parcels have been acquired or have agreements out of a total of 490 parcels.

No word has yet been received on the approval of the initial application to FHA by the Inter-Church Housing Corp. It was stated that an effort would be made to obtain a proposed site plan from the corporation so that we could begin planning locations of sewer and water facilities and other site improvements.

OTHER BUSINESS

The Commission approved the promotion of Mrs. Marjorie Raschke from Secretary to Accountant at \$5,000 per annum. In order to assist Mrs. Raschke an effort will be made to find a retired CPA who can act as both a consultant and auditor.

Involvement of the citizens in project planning was discussed in relation to the proposed project just below the present Hanna-Creighton area. It was recommended and concurred-in by the Commission that we seek two new people to fill community organization positions to interview residents in the area and seek out leaders. The Redevelopment Commission would then appoint a Neighborhood Advisory Committee from the list of leaders.

HANNA-CREIGHTON

The Acting Executive Director, Duane L. Gilliland, announced that the Neighborhood Methodist Church located in the Hanna-Creighton project has requested that we offer a site to them in the proposed redevelopment area. The Redevelopment Commission stated that they would take the matter under consideration.

The proposed Inter-Church Housing Corporation development to be located on Disposition Parcel 24 was discussed. Mr. Otto Grant, Jr. stated that he was working diligently on the proposed form of Project Agreement to be submitted to Chicago for their concurrence. It was stated that all the necessary disposition documents necessary for HUD concurrence are very complicated. In order to make the February 24th deadline for the execution of the agreement with the Inter-Church Housing Corp., extreme pressure will have to be put on HUD so that the documents will be expeditiously reviewed when they reach the Chicago Office. The Redevelopment Commission felt that another meeting should be held in the near future with principal officers of the Inter-Church Housing Corp. in order to make sure that all parties understand one another.

Mr. Richard P. Rogers, Acquisition Assistant, requested that the Commission initiate condemnation proceedings against Parcel 4-3 (Schmidt-Allen County Foods), Parcel 5-35 (Reeder), Parcel 11-2A (Rosenwinkel-Davis), and Parcel 11-5 (Chapman). After discussion, the attached resolution authorizing condemnation of these parcels was presented. Upon a motion duly made and seconded, the attached resolution was unanimously approved by all members present.

Mr. Richard Rogers stated that the Department of Redevelopment now has title or written agreement on approximately 92% of all parcels of real estate in the project at this time.

Mr. Edward V. Elkins, Relocation Officer, informed the Commission that the Goings family, Wilson family, and the Jones family, all formerly located West of Smith Street have moved.

In regard to our eviction proceedings the Jones family (Parcel 11-11) and the Morton family (Parcel 9-6) have voluntarily moved out of the project.

It was announced that on December 19, 1967, at 1:00 P.M. bids for the sale of Preliminary Loan Notes to refinance the Hanna-Creighton project will be opened. These Preliminary Loan Notes will be in the amount of \$2, 606, 000 and will pay off an outstanding loan of \$2, 150, 000.

MAIN STREET

The Acting Executive Director stated that work should be started on the disposal documents for the sale of land to be used for the Cultural Center. He stated that Mr. Menerth of the Fort Wayne Fine Arts Foundation reported that they intend to begin construction this summer in a site between Lafayette Street and Barr Street. Members of the Redevelopment Commission doubted the Fine Arts Foundation capability of beginning construction this summer and recommended that the Acting Executive Director obtain more information by meeting with the Chairman of the Fine Arts Foundation Building Committee.

It was announced that we have requisitioned a loan of \$2, 991, 000 to re-finance the Main Street project. This figure is subject to change, however, inasmuch as our requisition period was for a years time and HUD has informed the Acting Executive Director that they will cut the requisition period to 6 months duration. Supposedly, better bids are being received for Preliminary Loan Notes coming due in 6 months vs. 12 months. The new Loan Notes will pay off an outstanding obligation of \$2, 569, 000.

A Resolution authorizing the Acting Executive Director to apply for a Project Capital Grant Payment in the amount of \$548, 700 and a Relocation Grant Payment in the amount of \$98, 700 was presented to the Commission. After a motion was duly made and seconded, the attached resolution was passed unanimously by all members present.

It was announced that the court appointed appraisers recently appraised three parcels in Rolling Mill.

	Court <u>Appraisal</u>	Our Offer
Parcel 10-10 (Evans-Green)	\$ 5, 500	\$ 5, 400
Parcel 13-4 (Hayden)	\$ 9, 700	\$ 6, 500
Parcel 13-10 (Bojrab)	\$11, 500	\$10, 400

In the case of the Bojrab property, Mr. Otto Grant is conducting negotiations with the defendants' attorneys at this time, so this property may be settled in the near future.

Oral argument on the Derloshon property, Parcel 8-12, as to the Objections of the defendant to condemnation will take place at the State Supreme Court on December 20, 1967.

The Acting Executive Director announced that on January 15, 1967, the Planning Commission will hold a Public Hearing. At this time we will request a hearing on the vacation of several streets and alleys in the Rolling Mill project.

OTHER BUSINESS

A form of Contract dated December 6, 1967, providing for Accounting and Consulting Services with Mr. Arthur A. Ninke of Urban Technical Staff Associates, Detroit, Michigan, was presented for approval. The contract provides for advise, assistance and review of matters of a fiscal or financial nature and would assure the Commission that our books of accounts are being kept properly. Mr. Ninke is a former auditor with HUD and comes highly recommended. The contract would authorize services from December 6, 1967, to December 31, 1968, in an amount not to exceed \$4,500. Upon a motion duly made and seconded, the President of the Fort Wayne, Redevelopment Commission was authorized to execute the contract on behalf of the Commission.

The Acting Executive Director announced that HUD is requiring that we put up approximately \$270,000 in cash as our local share of the Main Street project. This requirement is a result of a preliminary review of our Amendatory Application for Loan and Grant recently submitted to the Chicago Office of HUD. In order for us to continue to receive Capital Grant Payments from HUD, it is necessary that we inform them of our intent to sell bonds and give them, in detail, a breakdown as to the steps and timing involved in the proposed sale.

The Acting Executive Director announced that he was obtaining bonds on all employees handling cash in excess of \$200.00 a month.

Mr. Gilliland also announced that he had received a letter from Harold MacMillan that extended the lease on the site office to January 1, 1968.

Mr. Walker announced that the City has approached us to pay part of the salary of a full-time person to be an Executive Secretary to the Citizens Advisory Committee. Approximately one-half of his time will be devoted to the Citizens Advisory Committee and the other half as a liaison man between Darrell Sterns, the Consultant to the City of Fort Wayne in the Washington D. C. office. Since the Redevelopment Commission would pay 50% of the Executive Secretary's salary, we would approve the hiring of the individual to fill this position.

HANNA-CREIGHTON

The Site Plan proposed by the Inter-Church Housing Corp. for Disposition Parcel 24 was discussed. It was felt that the Site Plan was acceptable if the street located approximately in the present position of Smith Street be definitely provided. The Acting Executive Director was authorized to notify the Inter-Church Housing Corp. of the Commissions' approval.

An Engineering Contract with Philip Schnelker, Engineering Consultants, of Fort Wayne, Indiana, in an amount not to exceed \$55,000 for Engineering Services in connection with all proposed project improvements in the project area was presented for approval. After discussion a motion was duly made and seconded and unanimously approved authorizing the President to execute the contract on behalf of the Commission.

Preliminary Loan Note bids were opened on December 19, 1967. The low bidder was First National City Bank of New York at 3.64 percent interest with a premium of \$74.00. A Commission meeting will be held on December 27th to authorize the sale of the Preliminary Loan Notes in the amount of \$2,541,000.

The Acting Executive Director announced that the owners of Parcels 5-35 (Reeder) and 11-2A (Rosenwinkel-Davis) now have signed agreements and that condemnation action on these parcels has been terminated. The Acting Executive Director recommended authorizing condemnation of Parcel 3-53 (Baker) to quiet title. The parcel involves an estate with approximately 10 heirs and it's impossible to obtain the required Quit Claim Deeds on this parcel. A resolution authorizing condemnation of Parcel 3-53 was introduced. Upon a motion duly made and seconded the attached resolution was unanimously approved.

MAIN STREET

On January 17, 1968, bids for the sale of Preliminary Loan Notes will be opened at the Controller's Office for the amount of \$2,665,000.

The Schlatter's Hardware Building was discussed as well as adverse publicity recently published in the News-Sentinel that stated that the Redevelopment Commission reneged on a promise to rent the Schlatter's Hardware Building to the County for the use of the Welfare Department and the Highway Department. The Acting Executive Director announced that Mr. Schacht did, in fact, promise the County that they could rent the basement and first floor of the Schlatter's Hardware Building for \$500.00 a month subject to their paying all utilities, heat and maintenance of the property. The Redevelopment Commission stated that they did not approve the commitment by Mr. Schacht and that it would be proper to raze this structure to provide parking spaces in the downtown area which will be needed after the

City-County Building is under construction. It was stated that very shortly Mr. Walker and Mr. Gilliland will meet with Mr. Fred Hunter, member of the County Council to discuss the matter further.

OTHER BUSINESS

A request by John Nuckles that the Redevelopment Commission give a report to Common Council on January 9, 1968, on progress made in the proposed East Central Code Enforcement area was discussed. The Redevelopment Commission felt that Code Enforcement is a matter for the City of Fort Wayne to handle. If the City wants the Redevelopment Commission to administer a Code Enforcement project, this possibility should be discussed between members of the Common Council and the Redevelopment Commission. It was suggested that Mr. Gilliland and Commissioner Rastetter take a trip to Indianapolis or Evansville since the Redevelopment Departments in these cities are responsible for Code Enforcement projects.

The Acting Executive Director stated that he recently met with Mr. Harold MacMillan of Growth Industries. Mr. MacMillan requested a decision as to whether or not the Commission would actually purchase their property located on Block 23 of the Hanna-Creighton Urban Renewal Project. Mr. Gilliland was authorized to inform Mr. MacMillan that we see no reason why it would be necessary to actually purchase the property for at least two years. The parking lot and the present tenents should be able to occupy their present locations for that period of time.

On January 2, 1968, the Commission must, by State Statutes, meet to elect officers. It was agreed that the Acting Executive Director would arrange for a meeting to be held at the Chamber of Commerce at 11:45. At that time Mr. Grant will administer the necessary oaths of office.

The Commission approved the hiring of Mr. Walter Vought as Draftsman and Mr. Melvin Volz as Relocation Assistant on a part time basis with both being paid at the rate of \$2.00 per hour.
